Guava

The Guava has a sweet, slightly tangy flavor, with some varieties being more tart than others.

Orange

Juicy sweetness with a hint of tanginess.

Apple

The sweetness of an apple is undeniably satisfying, while a Granny Smith apple is tart and refreshing.

Saurabh Singh

Banana

They're overripe, they get mushy.

Campus Cuisine is a food discovery and delivery platform designed to make affordable and accessible meals available to college students. Launched in [march 2024], the platform connects students with campus vendors, allowing them to explore meal options, place pre-orders, and access exclusive discounts. With a focus on convenience and affordability, Campus Cuisine ensures students get quality food without long wait times.

The platform is being developed using:

- Front-end: HTML, JavaScript, css
- Back-end: Node.js
- Database: MongoDB
